- ✓ Agile, nimble and entrepreneurial platform
- ✓ Industry-leading talent and superior products

Office location

100 Everest Way

Warren New Jersey, 07059

Connect with us:

Everest Telemedicine

We have collaborated with Concentra® to provide an innovative telemedicine product that is feasible and convenient for injured workers to receive immediate care. From easy check-in to prompt diagnosis and treatment, this product is intended to make the workers' compensation claims process easier for you and your employees.

With Everest Telemed, your employees can use a computer or smartphone to see a licensed clinician trained in occupational medicine without having to leave work or sit in a waiting room. Within minutes of signing up, the injured employee will connect with a clinician who can help their recovery. Using video conferencing, the clinician will diagnose, recommend treatment, and, where allowed by law, prescribe medication. Everest Telemed can treat relatively minor injuries which includes both initial injuries and rechecks.

Everest Telemed can treat the following ailments:

- ✓ Bruises, scrapes, rashes and minor burns
- ✓ Sprains and strains
- ✓ Repetitive use injuries
- ✓ Contusions

Serious injuries or injuries that need hands-on care, like stitches – will still need to be seen in-person by a clinician.

Everest Telemed is offered in conjunction with Everest Nurse Triage. This complete program will upgrade early intervention to immediate intervention.

Telemed is available in most states.

Enrollment is required.

For more information or to enroll, please contact:
